

SERVING YOU

You let us know what level of service you need and we'll be happy to serve you. From casual outdoor gatherings to white linen-lined tables, we can customize your experience to make sure that you are completely satisfied.

Delivery / Pickup

Delivery is only \$10. Food will be in recyclable / compostable containers and Dockery's will provide you with all of the necessary plates, silver, napkins, and other items that you need to serve your meal.

Preferred Service

For every order over \$250, we offer preferred delivery service. This will include delivery of food, set up of non-disposable plates, silver, napkins, necessary chafing dishes for hot food, serving utensils, and any other items you may need for proper service of your meal. We will establish a time to come back and pick up all dishes after you are finished with your meal. Pricing for Preferred Delivery is 10% of your bill or \$40, whichever is higher.

Executive Service

Executive service is exactly like Preferred Service (including delivery fees) except that we'll keep staff on site to help make sure that all food items remain properly stocked, to assist with bussing as people finish their meals, and to clear away all items and take them away at the completion of the meal service. Cost for Executive Service is \$125 per server (max of 20 guests per server recommended).
